2021 RCC Roundtable

November 10-12, 2021 | Virtual on Zoom

Engaging Those We Serve
Resilience, Wellness and Relationships in a Changing World

Join us at the virtual 2021 RCC Roundtable where this year’s theme is Engaging Those We Serve: Resilience, Wellness and Relationships in a Changing World. Learn about RC work in research and practice taking place worldwide from the comfort of your home!

Over the past two years, we have seen both positive and negative change that we never thought possible. As we continue to heal and grow, how can we ensure that voices of community members, clients, patients and families are built into our changing systems?

Our keynotes are organizational culture and strategy experts Edgar Schein, PhD, Professor Emeritus, MIT, and Peter Schein, MBA, Organizational Culture and Leadership Institute, Marie-Elizabeth Ramas, MD, FAAFP, family physician and health equity advocate and wellness expert, and Erik Hollnagel, PhD, Senior Professor of Patient Safety at Jönköping University and expert on resilient health care. Additional speakers to be announced, stay tuned for details!

Registration
Regular $550
RCC Partner $445
Faculty $150
Student $75
